L4/T2 Optional Course Assignment

The prospective students of L4/T2 of July 2021 term have been assigned the optional courses as per the attached table. All students, who have given options are directly assigned to CSE 471 course. During the other assignments, the choices submitted by the students have been duly considered. The students, whose student ID is not in the list (either not submitted choice/total earned credit not equivalent to 4-1), instructions are given in the next page.

For any further clarification regarding the course assignment, please contact BUGS Secretary.

However, the allocation of existing assigned students will not be modified. Therefore, it does not guarantee that optional subjects can be allocated according to your preference (depends on the existing seat counts).</p> <p>https://forms.gle/SJBnDvdfqXqRFXVc9</p>
---	---

The following students need to apply manually for the optional courses, if they are interested. You need to mention your preferred options, total earned credits, current cgpa and send the application to me (nafisit03@gmail.com). It will be finalized in the next BUGS meeting.
