NOTICE

An **Online contest on Nuclear Education in Russia** is going to be held on 15th April (9.00-12.00 AM) at BUET. Interested students studying at BUET are directed to register themselves at www.globalatom.ru. Registered students must report at Institute of Nuclear Power Engineering (INPE, BUET, ECE building, 10th floor) on or before 2.00 pm on 13th April. Relevant flyers are available in the Department and Hall Notice Boards. More details are available at www.globalatom.ru. The contest topics will cover 12th class general physics. The duration of the contest will be one hour.

(Prof. Dr. N. M. Golam Zakaria)
Registrar(Addl. Charge)

NUCLEAR
EDUCATION
IN RUSSIA

www.globalatom.ru

People's Republic
of Bangladesh

CONTEST

"NUCLEAR EDUCATION IN RUSSIA" IS:

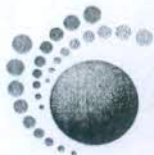

- An opportunity to examine yourself and become the best
- Your first career step in the global technological industry
- Competition for those who are interested in natural and technical sciences
- A chance to obtain a free education by nuclear specialties in the best higher education institutions of the country
- New impressions and friends from different countries

YOU ARE THE ONE WE ARE LOOKING FOR, IF:

- You are interested in natural sciences
- You see your future in the Hi-Tech area
- You are active, want to learn more, to generate ideas and to make them a reality
- You want to make your contribution into development of your country
- You want to get a technical education in one of the best (higher education) institutions of the Russian Federation

For participation in the contest we invite school pupils of graduation classes interested in natural sciences and technologies.

NUCLEAR
EDUCATION
IN RUSSIA

www.globalatom.ru

Winners of the contest will be awarded with valuable prizes:

- **1st place** Tablet
- **2nd place** Tablet
- **3rd place** Smartphone

Participants of the contest, who will get the most points, will have an opportunity to get to Russia for education in the best Universities by programs of nuclear power engineering.

The test date for Bangladesh participants is 15th of April 2016, from 9 a.m. till 06.00 p.m. (Dhaka local time). In order to go through the test you should register at the web page www.globalatom.ru

On the web-portal of the contest you can:

- Fill in the questionnaire for participation in the contest for education in Russian higher education institutions
 - Pass a preliminary test
 - Familiarize yourself with terms and conditions of participation in details
 - Familiarize yourself with prizes for winners
-

The test results will be announced on 18th of April 2016 on the web page www.globalatom.ru

All the winners will be granted on the awarding ceremony which will take on 21st of April 2016 in Russian center of science & culture (Dhaka). More detailed information will be announced on the web page
