Department of Computer Science and Engineering (CSE)
Bangladesh University of Engineering and Technology (BUET)

November 16, 2023

Notice for L-4/T-I Students

All the prospective students of Level-4/Term-I for the July 2023 Term are hereby instructed to submit preferences for the following optional courses. CSE 463 (Introduction to Bioinformatics) will be allocated to all the students (no choice required). Each student has to provide their choice order for the following two courses. Eventually, each student will get two optional courses.

Course	Max Seats
CSE 421 - Basic Graph Theory	~60
CSE 423 - Fault Tolerant Systems	~60

The step-by-step instructions for giving options are enclosed. The deadline for providing options is **November 18, 2023 (Saturday) at 8 PM**.
